ARCHBOLD IS CONVICTED
Declared Guilty By U.S. Senate

JUDGE OF COMMERCE COURT IS
IMPEACHED FOR USING HIS POWER
AND OFFICE FOR PERSONAL GAINS
SENATE VOTE ON FIRST COUNT
IS 68 TO 5 FOR CONVICTION

(By Associated Press)
WASHINGTON, Jan. 13.—Judge Robert W. Archbold of the commerce court was found guilty by the senate today, sitting as a court of impeachment, of having misused his office and power as a judge for personal gains. On the first count of 13, the vote was 68 to 5 for conviction of high crimes of misdemeanor. The negatives were Burnham, Carter, Oliver, Paynter and Penrose.

The count charged he had used his position as a judge to persuade the Erie Railroad company to give him and E. J. Williams of Scranton an option on a coal dump at a price probably \$20,000 less than the real value.

Although this verdict insured his removal from office the senate proceeded to vote on other counts.

Archbold was also convicted on the third, fourth, fifth and 13th counts. He was acquitted on all others.

JAIL BREAKER
WILL BE TRIED
FOR HIS CRIME

CONVICT WHO ESCAPED FROM
STATE PRISON WILL FACE
TRIAL ON CHARGE

Yesterday George W. Ramsey, alias Robert Brooks, alias Robert Scott, who had just completed a term of four years for a robbery committed in Washoe county, was arrested on a warrant sworn out by Governor Oddie and charged him with the crime of jail breaking, says the Carson News. He was arrested at Sheriff Stern and brought to the city jail. Yesterday he was brought up before Justice Folsom and at his request was given further time to enter his plea and his case was put over until Tuesday at 2 p. m.

Ramsey made his escape from the prison farm on the 30th of last January and made his way to Virginia City where he was captured by Guard Frank Nevin and returned to the prison.

Ramsey is a three times loser having served three terms in the state prison of this state for burglary and if convicted on the present charge will, under the new law, be sentenced to a life term in the prison.

Ramsey was returned to the state prison yesterday afternoon on a special order of Governor Oddie who believed the man would be safer at the prison than in the county jail although history shows that no prisoner ever escaped from the county jail while a number have departed from the prison, even from the condemned cell.

Should Ramsey be convicted on the charge it is possible that all the men who have escaped from the prison within the past year or two will be brought up for trial which will mean a large amount of criminal business for the courts of Ormsby to handle within the next year or so.

ISSUE NOW FAIRLY UP
TO TURK GOVERNMENT

(By Associated Press)
LONDON, Jan. 13.—The issue of peace or war between the Balkan states and Turkey will rest with Constantinople after the final drafting of a note to the Ottoman government at today's meeting of the ambassadors.

STORM SIGNALS FLY
ON CALIFORNIA COAST

(By Associated Press)
SAN FRANCISCO, Jan. 13.—Storm signals are flying along the coast from Point Lobos to Eureka. Four feet of snow has fallen between Redding and Dunsmuir, carrying down all wires. Bountiful rains and warmer temperature are predicted.

CLYDE HELLER
OF THE BELMONT
HERE ON VISIT

TONOPAH PIONEER ARRIVES
FROM PHILADELPHIA HOME
TO INSPECT INTERESTS

Clyde A. Heller, president of the Tonopah Belmont company, who lives in Philadelphia but finds time to make four or five visits annually to Tonopah, arrived in this camp this morning on one of his regular inspection visits. Heller first started paying visits to Tonopah in the year 1901 and can truthfully be termed as a pioneer of this camp. In fact, it is his boast that he is a Tonopah pioneer. He is one of the few mining men from the east who have stuck to Tonopah since the inception of this camp and today is a greater booster than ever over the possibilities of the district.

"The method of travel in order to reach Tonopah, as compared in the old days with the present system, show the two extremes in the matter of transportation facilities," remarked Heller this morning shortly after his arrival. "My first visit to Tonopah was made by stage from Sodaville, having traveled from Reno to that point aboard the old narrow gauge railroad. One full day was needed to make the railroad journey, while a second day was utilized in completing the stage trip. Today it is possible to enjoy the comforts of a Pullman over the entire route. The accomplishments of Tonopah in the last ten years are wonderful, but no more wonderful than what will come in the next decade. The rapidity in which the proven ore zone is being extended substantiates this prediction."

President Heller will spend several days in Tonopah and during his visit will take time to inspect the many important developments in the Belmont property.

BUCKSKIN IS LOOMING
UP ONCE AGAIN

The Record-Courier says: Reports brought in from the revived mining camp of Buckskin, which is located on the line between this and Lyon county, are to the effect that the future of the camp never looked as bright as at this time. The Kennedy copper property is making daily shipments to the Mason smelter while a dozen or more smaller properties are being worked by their owners and the ore shipped to the smelter. By the smelter accepting small lots of ore it is enabling the prospector to develop his property, inasmuch as the returns from his ore gives him a revenue and his property is thus self sustaining. The properties in Buckskin carry good values in copper and as development work proceeds the values increase. One property that was deemed not worth jumping a year ago brought its owners a \$5000 offer last week and they turned it down. This shows the change that the past few months has brought.

MACHINISTS' STRIKE ENDS

MEXICO CITY, Jan. 13.—The railway machinists' strike, which began December 26, has been settled. The men are granted a 10 per cent increase in wages but no reduction in the 10-hour day. The railway management has refused to dismiss the American master mechanic, Schenck, against whom the men had a grievance.

BURNED ABOUT
FACE AND ARMS
GAS IGNITION

RAY HARRIS RECEIVES PAINFUL
INJURIES AT THE BEL-
MONT MILL

Caught by the flare-back from one of the oil burning furnaces at the Belmont, Ray Harris received painful burns about the face, arms and hands Saturday night. Harris, who has been employed by the Belmont for several years, was taken to the Miners' hospital and was treated by Dr. McDonnell. The burns, while painful, are not serious and the patient was reported today as progressing favorably.

From the details obtainable it is understood that Harris opened the furnace door and at the same time an accumulation of gas within ignited. Harris jumped backwards but not in time to escape the flare-back.

FIRST WEDDING
IS PERFORMED BY
JUDGE DUNSEATH

ENGINEER AT THE WEST END
MINE CLAIMS CALIFORNIA
GIRL AS BRIDE

William G. Lindsay of Tonopah and Miss Margaret Sheppard of California were married this afternoon by Justice of the Peace Harry Dunseath at the justice court. The wedding was witnessed by Hiram Bilyen and W. W. Booth.

The ceremony was the first to be performed by Judge Dunseath since his assumption to the office of justice of the peace a week ago. Nevertheless it was just as binding as if he had performed hundreds, although the ordeal made him slightly nervous.

The bride arrived from California this morning. She has resided in the neighboring state for several years. The groom is employed as an engineer at the West End Mine. The couple will make their future home in this city.

NEW AUTO ROAD
SHORTENS DISTANCE

The Winnemucca Silver State of Saturday says: C. H. Lamb, a surveyor from Rochester, who filed a new plat with Recorder Bonfield this morning, reports that the new camp as being lively these days, with no signs of abatement. There is a good movement in town lots and new buildings are being erected as fast as lumber can be secured.

While all comers to the camp have been taken care of after a fashion, conditions in this respect will be improved next week with the opening of Jordan's new two-story hotel.

This morning 22 men, bound for Rochester, alighted from Southern Pacific No. 4 and went over to the new camp by the auto during the afternoon.

The town of Lovelock is constructing a new auto road to the camp, which will shorten the distance to 20 miles, as against 12 miles from Oreana. As it takes but one hour to make the trip by auto, it is thought that Lovelock will receive the bulk of the travel for some months to come, at least.

CHEST EXPANSION OF
HORACE CAMPBELL INCREASED

Horace Campbell, a member of the firm of Campbell and Kelly, is now rejoicing to the title of "Papa" owing to the arrival of an 8-pound boy at his home yesterday morning. The event was expected according to the new parent, and as a consequence he was not greatly surprised. Mrs. Campbell and son were reported today as progressing nicely, although reports as to the conditions of the father, while not favorable, lead to the belief that he will return to earth some time during the coming week. In the meantime kind friends are looking out for him.

ON ASPHALT LANDS

WASHINGTON, Jan. 13.—A resolution extending the time for the classification and survey of segregated asphalt lands belonging to the Choctaw and Chickasaw Indians in Oklahoma, was passed by the senate today.

AFTER WITNESS
WANTED IN THE
FEDERAL COURT

DEPUTY UNITED STATES MAR-
SHAL WILL SUBPOENA MAN-
HATTAN RESIDENT

Tom Branton, deputy United States marshal, arrived from Reno this morning and continued on to Manhattan where he will subpoena a resident of that camp who is wanted as a witness in a suit to be heard in the United States district court in California. Branton will return to Tonopah this evening and depart for Reno in the morning.

Branton declared this morning that the new camp of Rochester was the sole topic of conversation in Reno and that many people were rushing into the new district. Many Reno mining men were on the ground in the new district and those returning were optimistic over the showings and the future of the camp.

O. A. PEMBERTON
SUCCUMBS VICTIM
TO WHITE PLAGUE

FORMER TONOPAH RESIDENT
DIES YESTERDAY AT CALI-
FORNIA SANITARIUM

O. A. Pemberton, a former Tonopah resident, who left this city about two years ago, died yesterday afternoon at the Oaks sanitarium, Los Gatos, Cal., from consumption from which disease he had suffered for a number of years. During his residence in Tonopah Pemberton was employed in one of the local mills. He was also employed at Millers for several years and had many friends in this district.

Pemberton was a member of Ouray Colo., lodge No. 429, Benevolent and Protective Order of Elks and the funeral, it is understood, will be held under the auspices of that order. He is survived by a mother, who lives at Ouray.

When his health started failing several years ago Pemberton left for the coast and took up his residence in southern California. Recently his condition became so serious that he was moved to a sanitarium. The disease had made such inroads upon his constitution that he failed to improve. The funeral will be held at Los Gatos.

SUMMONED HOME BY
ILLNESS OF MOTHER

Otto Wise of the Consolidated Auto company departed this morning for Walton, Ore., having received a telegram last evening announcing the serious illness of his mother, Mrs. W. K. Wise. Mrs. Wise was a pioneer of this camp and has many friends here. The family removed to Oregon several years ago and have since resided on a ranch purchased in that state.

PURCHASES INTEREST IN
UNDERTAKING BUSINESS

F. J. Cavanaugh has purchased an interest in the undertaking business of Wonacott and Hall and hereafter the firm will be known as Wonacott and Cavanaugh. The deal was consummated recently during the visit of Wonacott to this city. Cavanaugh has had charge of the undertaking parlors for the past few months and under the terms of the new agreement will continue in charge.

FORMER SHERIFF MOVES
RESIDENCE TO TONOPAH

Former Sheriff Ed Regan, accompanied by his family, departed yesterday morning for Tonopah, making the trip in one of the Raycraft autos, says the Carson News. Regan has purchased a saloon in the southern camp and will hereafter make his home there.

STATE BOARD OF
ASSESSORS' MEETING

The state board of assessors, the membership being formed by the assessors from every county in the state, are meeting today at Carson, with Governor Oddie presiding. Sheriff Ed Malley, assessor of Nye county, left Saturday for Carson to be in attendance at the gathering.

GOVERNOR JOHNSON ASKS FOR
MORE REVENUES FOR THE STATE

(By Associated Press)
SACRAMENTO, Jan. 13.—A bill introduced in the senate today by Carr of Pasadena forbids a large concern doing business in various sections of the state to cut prices at one place below those of the balance in its territory in order to destroy a competitor.

Senator Kehoe of Eureka made his first appearance as he was delayed by the storm.

A message from Governor Johnson was received, asking the legislature to take up the subject of revenue for the state and increase the rates of taxation for withdrawn corporations to so compel them to pay a just proportion. The electoral vote of California was cast by the electors in the assembly chamber at 2 o'clock.

NAVAL STATION
AT CUBA OUTPOST
PANAMA CANAL

FORMAL MOVE IS MADE TO
MAKE STATION AN IMPREG-
NABLE CANAL OUTPOST

(By Associated Press)
WASHINGTON, Jan. 13.—The first formal move toward making the United States naval station at Guantanamo, Cuba, an impregnable outpost for the defense of the Panama canal, has been taken by orders issued by the board of officers of the army and navy on a visit to that port to pass on plans for the defense already prepared.

BUSSEY TAKEN
TO THE COAST
FOR TREATMENT

MINER INJURED IN HALIFAX SHAF-
TERS FROM PARTIAL
PARALYSIS

James Bussey, who was injured in the Halifax shaft on November 25 when he was struck by a falling rock, was taken to Los Angeles this morning aboard the south bound train. He was accompanied by Mrs. Foster, a practical nurse.

Dr. McDonnell, who has been treating Bussey, stated this morning that the wounds sustained by the injured man were all healed, but that the crushing of the nerves had left the lower part of the body partially paralyzed. He stated that while Bussey had not lost the feeling of his lower limbs he was incapable of securing motion. The presence of feeling was defined as a sign that complete paralysis had not resulted from the dislocation of the spine caused when struck by the falling rock.

Bussey will undergo treatment and receive electrical massages while in Los Angeles. It is believed that this treatment will result in the restoration of motion to his limbs. While in southern California he will make his home with a sister in that section.

WINGFIELD IS RE-ELECTED
WINNEMUCCA BANK PRESIDENT

At the meeting of the stockholders of the First National bank of Winnemucca on Thursday, the old board of directors was re-elected. The board immediately chose the old officers for another year. These are: President, George Wingfield; vice president, F. M. Lee; cashier, J. Sheehan; assistant cashiers, C. L. Tobin, A. D. Dern.

The affairs of the bank were found to be in first class condition. By vote of the stockholders, the capital stock was increased from \$82,000 to \$100,000.

APPOINTS SUCCESSOR TO
BRIG. GEN. ALLEN

(By Associated Press)
WASHINGTON, Jan. 13.—President Taft today nominated Colonel Geo. P. Sorven of the army signal corps to be chief officer succeeding Brigadier General James Allen, who retires next month.

GOVERNOR WILSON
RETURNS TO TRENTON

(By Associated Press)
TRENTON, Jan. 13.—Governor Wilson returned from Chicago today. He will devote most of the day to state business.

SIX OPERATIONS
THEN ROCKFELLER
BE ABLE TESTIFY

PHYSICIAN APPOINTED BY HOUSE
TO EXAMINE OIL MAGNATE
MAKES REPORT

(By Associated Press)
WASHINGTON, Jan. 13.—Dr. C. W. Richardson, who examined William Rockefeller for the house money trust committee, to decide if the oil magnate was able to testify, is said to have reported he found the millionaire suffering from gouty inflammation of the larynx, which necessitated six operations.

POLICE CHIEF
STILL SEEKING
FIRST ARREST

HAS NOT MADE A PINCH SINCE
HE HAS OCCUPIED CON-
STABLE'S OFFICE

Although he has been in office for a week Chief of Police Will Evans has yet to make his first arrest. On several occasions he has come near recording an arrest, but on each occasion fate has intervened. Saturday night the police chief was summoned to various resorts on account of boisterous celebrations of the monthly pay day, but on each occasion Evans escorted the gentlemen with packages that should have been sent by parcels post to their homes.

The lack of arrests during the week testifies to the peace of this township for trouble of any sort has been entirely absent since the new regime was inaugurated. However, Chief Evans continues to be on the alert for he is desirous of making an arrest and experience the sensation that goes with his first official action of that kind. He has hopes of accomplishing this service at an early date.

COUNTY DADS ADJOURN
AFTER WEEK'S SESSION

Adjournment was taken by the board of county commissioners late Saturday afternoon, all business having been transacted. The board was in session five days and a great number of matters were brought up for consideration, the principal item being the passing upon the bonds of the various county officials and also the awarding of several county contracts.

The next meeting of the board will be on the first Monday in February.

JAMES SAYS LUMBER
GOES ON FREE LIST

(By Associated Press)
WASHINGTON, Jan. 13.—Tariff hearing before the ways and means committee of the house today were devoted to lumber and silk schedules. There was no democratic bill of those items at the last session to afford a tentative plan for the committee.

"We have promised the people to put lumber on the free list," said Representative James of Kentucky during the hearing of testimony today, "and if we fail to do it seems to me we will break our pledge."

TEMPERATURE REPORT

Highest temperature yesterday, 26; a year ago, 45; lowest last night, 22; a year ago, 38.
